

Christina Nielsen, BSPH, BBA

As an Outcomes Research Project Manager at the International Consortium for Health Outcomes Measurement (ICHOM), Christina leads the development, harmonization, and updates of ICHOM's Sets of patient-centered outcome measures. Christina has a background in Public Health, graduating from the University of Massachusetts, Amherst with a Bachelor of Science in Public Health Sciences and a Bachelor of Business Administration in Management. In parallel with her work at ICHOM, Christina is pursuing a Master of Global Health at the Harvard T.H. Chan School of Public Health.

Since joining ICHOM in 2020 as a Research Associate, Christina has advanced to Project Manager and led several key initiatives, including the Harmonization of ICHOM Sets, Oncology Set Updates, and the development of the Breast Cancer Learning Collaborative and Kidney Stones Outcome Measure Sets.
